## **DETAILED ACTION**

### ***Election/Restrictions***

The Examiner would like to bring to applicants attention that claims 16-24 were inadvertantly placed in group I claims, but should have been placed into group II claims 25-29. The Examiner acknowledges applicants election of group I claims (now 1-15), without traverse in the election filed 12/19/07. Claims 16-36 are withdrawn from consideration.

### ***Claim Objections***

Claims 8-13 are objected to because of the following informalities: the second liquid dispenser lacks antecedent basis. Appropriate correction is required.

### ***Allowable Subject Matter***

Claims 1-7,14,15, are allowed.

Claims 8-13 would be allowable if corrections are made to overcome the objections to the claims.

USP 4,829,624 discloses a unitary body for connection to a vacuum hose, however lacks a teaching or suggestion of a nozzle pressure conduit as claimed.
